6	IN THE MATTER OF THE APPLICATION OF	DOCKET NO. W-01445A-04-0729	
7	ARIZONA WATER COMPANY FOR AN	DECISION NO.	
8	EXTENSION OF ITS CERTIFICATE OF CONVENIENCE AND NECESSITY AT ORACLE,	OPINION AND ORDER	
9	PINAL COUNTY, ARIZONA.	July 7, 2005	
10	DATE OF HEARING:	Tucson, Arizona	
11	PLACE OF HEARING:	•	
12	ADMINISTRATIVE LAW JUDGE:	Jane L. Rodda	
13	APPEARANCES:	Mr. Robert W. Geake, on behalf of Arizona Water Company; and	
14		Mr. Timothy Sabo, Staff Attorney, Legal	
15		Division, on behalf of the Utilities Division of the Arizona Corporation Commission.	
16	BY THE COMMISSION:		
17	* * * * *	* * * *	
18	Having considered the entire record herein and	d being fully advised in the premises, the	
19	Arizona Corporation Commission ("Commission") finds, concludes, and orders that:		
20	FINDINGS OF F	FACT	
21			
22	Corporation Commission ("Commission") an Application for an Extension of its Certificate of		
23	Convenience and Necessity ("CCN" or "Certificate") for its Oracle system in Pinal County.		
24			
25	that the application was insufficient pursuant to the requirements of the Arizona Administrative		
26	Code.		
27		r that notified AWC that the application was

	II.		

deemed sufficient.

- 4. By Procedural Order dated April 28, 2005, the matter was set for hearing in Tucson, Arizona, and procedural guidelines and deadlines were established.
- 5. As required by the Procedural Order, AWC mailed notice of the hearing to each of the property owners in the extension area on May 26, 2005, and had the notice published in the *Arizona Daily Star* on May 6, 2005.
- 6. On May 18, 2005, Staff filed its Staff Report, recommending approval of the Application.
- 7. The hearing convened as scheduled on July 7, 2005, at the Commission's Tucson offices.
- 8. AWC is an Arizona corporation authorized by the Commission to provide water service within portions of Gila, Navajo, Cochise, Maricopa, Pima, Yavapai, Coconino and Pinal counties. The Company currently serves approximately 73,000 customers in Arizona.
 - 9. AWC's Oracle system currently serves approximately 1,465 connections.
- 10. The Company seeks to expand its CC&N to include an additional approximate 1,300 acres contiguous to its existing Oracle service area. The legal description of the proposed extension area is attached hereto as Exhibit A, and incorporated herein by reference. The proposed extension area consists of approximately 700 acres owned by Oracle Highlands, LLC, which intends to develop 260 custom home sites (known as the "Rancho Coronado development or developer"), and approximately 600 acres owned by the State Land Department. The Rancho Coronado developer requested water service from AWC and needs to be included within AWC's CC&N to obtain its Certificate of Assured Water Supply. The State Land Department has communicated with the Company and expressed its desire to have its land included within the CC&N as well.
- 11. There are no other certificated water providers in the area situated to extend service to the proposed extension area.
- 12. Based on information provided by the Rancho Coronado developer, AWC expects 75 additional customers in the extension area during the initial five years after approval of the request.
 - 13. AWC's Oracle system has three wells producing 1,140 gallons per minute, and 1.6

million gallons of storage capacity. Staff determined that the existing production and storage capacity can serve approximately 4,300 connections. Staff concludes that the existing system has adequate production and storage capacity to serve the existing and proposed expansion areas within the next five years.

- 14. AWC expects to serve the extension area through a combination of 12, 8 and 6 inch mains from the existing Oracle water storage tank and a planned new 150,000 gallon storage tank, and estimates the total cost of required facilities to be \$2.3 million. AWC will finance the required facilities primarily with Advances in Aid of Construction. ¹
- 15. A main extension agreement has not been finalized between AWC and the property owners.
- 16. Once the parties have finalized a main extension agreement, Staff recommends it be filed with the Commission for Staff's review consistent with Arizona Administrative Code R14-2-406.
- 17. The Arizona Department of Environmental Quality ("ADEQ") has determined that AWC's Oracle system is currently delivering water that meets the water quality standards required by the Arizona Administrative Code, Title 18, Chapter 4.
- 18. AWC has not submitted the ADEQ Certificate of Approval to Construct ("ATC") for facilities needed to serve the requested area.
- 19. Staff recommends that AWC file a copy of the ATC within one year of the effective date of this Decision.
- 20. The U. S. Environmental Protection Agency ("EPA") has reduced the arsenic maximum contaminant level ("MCL") in drinking water from 50 parts per billion ("ppb") to 10 ppb. The date for compliance with the new MCL is January 23, 2006.
 - 21. The most recent lab analysis provided by the Company indicates that the Oracle

Advances in Aid of Construction are often in the form of main extension agreements. Main extension agreements generally require the developer to design, construct and install (or cause to be installed), all facilities to provide adequate service to the development. The developer is required to pay all costs of constructing the required facilities necessary to serve the development. Upon acceptance of the facilities by the utility the developer may convey the water facilities by way of a warranty deed or bill of sale. The utility will often refund ten (10) percent of the annual water revenue associated with development for a period of ten (10) years.

27 28 system wells are producing water that will comply with the new arsenic MCL.

- 22. AWC's Oracle system is within the Arizona Department of Water Resources ("ADWR") Tucson Active Management Area and is in compliance with ADWR's reporting and conservation rules.
- 23. Staff recommends that AWC be ordered to file a copy of the developer's Certificate of Assured Water Supply ("CAWS"), where applicable or when required by statute within 365 days of any decision in this Matter.
- 24. AWC has an approved curtailment tariff for "all Service Areas" that became effective on July 23, 2004 per Decision No. 66235.
- 25. The Commission's Utilities Division, Compliance Section, shows no outstanding compliance issues for the Company.
 - 26. AWC has the necessary Pinal County franchise for the extension area.
 - 27. AWC is current with all its property and sales taxes.
- 28. Staff further recommends that AWC charge its existing rates and charges in the proposed extension area and that this CC&N extension be considered null and void without further order from the Commission should AWC fail to meet its recommendations concerning filing the CAWS and ATC within the time specified.

CONCLUSIONS OF LAW

- 1. AWC is a public service corporation within the meaning of Article XV of the Arizona Constitution and A.R.S. §§ 40-281 and 40-282.
 - 2. The Commission has jurisdiction over AWC and the subject matter of the application.
 - 3. Notice of the application was provided in accordance with law.
- 4. There is a public need and necessity for water service in the proposed extension area set forth in Exhibit A.
- 5. AWC is a fit and proper entity to receive a CC&N to provide water service in the proposed extension area.
- 6. Staff's recommendations contained in Findings of Fact Nos. 16, 19, 23 and 28 are reasonable and should be adopted.

1 **ORDER** IT IS THEREFORE ORDERED that the application of Arizona Water Company for an 2 extension of its Certificate of Convenience and Necessity for its Oracle system to provide water 3 service to the area described in Exhibit A hereto, is approved. 4 IT IS FURTHER ORDERED that Arizona Water Company shall charge its existing rates and 5 6 charges within the approved extension area. IT IS FURTHER ORDERED that Arizona Water Company shall file a copy of the 7 8 developer's Approval to Construct for the facilities required to serve the Rancho Coronado 9 development portion of the extension area and a copy of the Rancho Coronado developer's 10 Certificate of Assured Water Supply within 365 days of the effective date of this Decision. 11 IT IS FURTHER ORDERED that failure to meet the deadlines specified herein shall cause 12 the grant of a Certificate of Convenience and Necessity for the extension area to be considered null 13 and void without further order from the Commission. 14 IT IS FURTHER ORDERED that this Decision shall become effective immediately. 15 BY ORDER OF THE ARIZONA CORPORATION COMMISSION. 16 17 **CHAIRMAN** COMMISSIONER 18 19 COMMISSIONER COMMISSIONER COMMISSIONER 20 IN WITNESS WHEREOF, I, BRIAN C.
